Copy of D. O, dated 22nd July 1897, from the Resident in Mysore to the Dewan of Mysore.

The Committee of the Bowring Institute have asked me to ascertain whether the Mysore Government would be prepared, provided it be satisfied the Institution is solvent and the security sufficient, (be prepared to lend Rs 15,000/- at 4½ per cent to enable them:

(a). to redeem the balance of their debt which was originally 12,000/- borrowed at 9% [illegible]

security for the loan, to hypothecate the building and furniture, both of which are I understand unencumbered, and to allow Mr Biddulph or any other outsider and unprejudiced person full permission to test the financial State-ment. Further they would agree that the Official visitors, viz, the District Magistrate, Civil and Military Station, and the Deputy Commissioner, Bangalore, should have at all times access to the account books in order to ensure that the Committee are not managing extravagantly to the prejudice of the repayment of their loan.

This is intended to be merely in

9 (1)

July 22. 1897.

My dear Dewan,

The committee of the Bowring Institute have asked me to ascertain whether the Mysore Government would be prepared, provided it be satisfied that the institution is solvent and the security sufficient, be prepared to lend Rs.15,000 at 4 per cent to enable them

(a). to redeem the balance of their debt which was originally 12,000 borrowed at 7%, for which Rs.3,000 would be required.

(b) to enlarge the existing premises by an extension of the hall, provision of a Porch and the addition of a separate billiard room, card room and lavatories, costing Rs.12,000.

The enclosed copy of the Report not yet published is sent for inspection. Details regarding the finances will be found in pages 8 and 9.

The committee suggest repayment of the loan by instalments of Rs.100 per mensem. The interest due being first met

and the balance credited to the principal account. They offer as security for the loan to hypothecate the building and furniture both of which are I understand unencumbered, and to allow Mr.Biddulph or any other outside and unprejudicial person full permission to test the financial statement. Further they would agree that the official visitors, Viz, the District magistrate Civil and Military Station and the Deputy commissioner Bangalore, should have at all times access to the account books in order to ensure that the committee are not managing extravagantly to the prejudice of the repayment of their loan.

This is intended to be merely in the light of an informal enquiry. If you think the application worth considering it will be formally submitted. Please understand that my position is one of benevolent neutrality. It is entirely for you to decide whether the investment is a safe one and sufficiently advantageous.

Yours Sincerely

(sd). Donald Robertson.

Refer by D.O. to the Comptroller for favour of opinion. The institution is deserving of this accomodation but the transaction should be on entirely finanoial lines, if indeed it is expedient in principle to enter into it. How many ~~will~~ years will it take to discharge the debt?.

2. Are we not paying some grant-in-aid to this Institution in the Educational Department? I know we used to do this in years gone by. Is C&M paying it now or how does the matter stand?

DRAFT REPORT

OF THE

Managing Committee

OF THE

BOWRING INSTITUTE

FOR THE YEAR ENDED

31st May, 1897.

:o:

GENERAL.—The Managing Committee of the Bowring Institute have the pleasure to present their report on the working of the Institute for the year ended 31st May 1897, and feel confident that the general body of members will be gratified at the satisfactory results which have crowned the efforts of the Committee.

THE MANAGING COMMITTEE.—Several changes in the constitution of the Managing Committee have occurred during the year under report. In August last, the Rev. W. J. Lawrence proceeded to Europe on leave; his place on the Committee was filled by Mr. F. E. Dunn, who had previously, owing to the exigencies of business, resigned the office of Honorary Secretary, the duties of which were efficiently carried on by Mr. T. H. Raines till November, when he relinquished charge, Mr. Dunn being re-elected to that office. The vacancy thus caused on the Committee was filled by Mr. Bronson. In October, Mr. J. B. Waller, and in January, Colonel Fane-Sewell, resigned their seats on the Committee; their places were filled respectively by Mr. R. R. Richmond and Mr. J. L. Mackay.

A change in the Presidentship occurred in February, when the Rev. J. H. Walton resigned, prior to preceeding to

England on long furlough. The chair, which he had ably filled, was unanimously offered to our popular Honorary Treasurer, Mr. R. H. James, but he declined the office. Captain T. Baker was then elected President, his place on the Committee being taken by Mr J. B. Forster.

OFFICIAL VISIT.—In March last, Mr. A. M. Slight, I. C. S., President of the C. & M. Station Municipality, paid us a visit in his capacity of "official visitor," and your committee have great pleasure in recording the fact that Mr. Slight expressed himself extremely satisfied with the way in which the Institute was managed. The members will be gratified to learn that Mr. Slight reported on his visit to the Institute to Colonel D. Robertson, the British Resident in Mysore, in the following terms:—

"I beg to state that I have recently paid an official visit to "the Bowring Institute and found the management of it all "that could be desired. Its financial position appears to be "sound and well managed. Considerable extensions and "improvements to the building are under contemplation: "proposals for meeting the cost of these will be gone into "when the plans have been fully considered and estimates "obtained."

Your Committee invited Colonel Robertson to become one of the Patrons of the Institute in the place of Mr. Mackworth Young, C. S. I., who had proceeded to England early in the year, prior to assuming the Lieutenant-Governorship of the Punjab. Your Committee are glad to report that Colonel Robertson has acceded to the request.

RESERVE FUND.—In accordance with a resolution adopted at the last annual meeting of the members, Debentures amounting to the sum of Rs. 2,000 (two thousand) were, in December 1896, drawn for by lot: these have since been paid off. Sums of not less than Rs. 50 (fifty) have, every month, been carried to the credit of the Reserve Fund, which at the end of May 1897 stood at Rs. 741-14-7. Your Committee do not recommend any further repayment of Debentures for the present.

BILLIARDS, CARDS &c.—Your Committee are glad to report the continued and increasing popularity of the tables, the income from which, during the year under report, exceeded that of the previous year by Rs. 458-8-0. As noted in last year's Report, billiard table No. 2 failed to attract players owing to its unsatisfactory condition; it was therefore sold for

Rs. 700 (seven hundred) and a new table was purchased from Messrs. John Roberts & Co. Ld., of Bombay at a net cost of Rs. 1,262, including freight and a new marking board. Two Handicap tournaments were held during the year, and a third tournament is under contemplation.

BILLIARD RULES.—The Managing Committee have carefully revised the billiard rules which needed amendment. Printed copies of the new Rules, which were brought into force on the 9th April last, and which await your confirmation, will be found on the table.

TENNIS COURTS.—Last year, the Tennis Courts were kept going at a loss, but matters have considerably improved during the year under review, tennis attracting more players. The grounds, on club evenings, present a cheerful and animated appearance, and play in the mornings is popular amongst the gentlemen players. The account under this head last year showed a debit balance of Rs. 40; the figures for this year show a credit balance of Rs. 65. The number of subscribers to the Tennis Courts has, during the year, risen from 23 to 38, and there is every reason to hope that the Courts will continue to receive support.

REFRESHMENTS.—In July last it was resolved, as a tentative measure, to introduce the supply of tea, coffee, &c. The venture having proved a success, the sale of refreshments will be continued permanently.

LECTURES.—A Special Committee was appointed to discuss the desirability of instituting a course of Lectures on popular subjects, and Mr. J. Cook, M. A., Principal, of the Central College, was invited to deliver a lecture on the Röntgen Rays at the Institute. Owing to the difficulties in the way of transporting the apparatus from the College Laboratory to the Institute, Mr. Cook offered to deliver the lecture at the College, but the Committee considered that this was outside the original intention. It is hoped, however, that arrangements will during the ensuing year be completed to commence the lectures, the utility of which is fully recognised. Members who may wish to give lectures are invited to communicate with the Committee.

REPAIRS AND ALTERATIONS.—The roof of the main hall had, owing to its leaky condition, been a source of much anxiety to your Committee and many suggestions to remedy the unsatisfactory state of things had been advanced. Mr.

15

O'Shaughnessy kindly came to the rescue and recommended a pent roof being put on in place of the flat one. His recommendation was adopted and carried into execution at a cost of Rs. 626. The new roof is considered absolutely sound and water-proof.

The floor of the Billiard Room has been thoroughly renovated and rematted, the walls whitewashed, and the dado cleaned &c., and a small pantry has been added on the west side of this room; the total cost of these alterations and improvements has been Rs. 453. Among the other alterations effected must be noticed the new tapestry curtains in the Reading Room, which have been hung in the place of the old curtains, and the fixing up of the name of the Institute on the outer face of the building, above the main entrance.

PRESENTATIONS.—The Managing Committee desire to acknowledge, with thanks, the following gifts to the Institute, viz :—

i. A valuable collection of 67 volumes from the Rev. J. H. Walton.

ii. Ten volumes of Chambers' Encyclopædia from Mr. Mackworth Young, C. S.

iii. Six volumes from Mr. W. A. Wilson

iv. One Vol. from the Educational Secretary, Mysore.

Details of these will be found in the Appendix.

The receipts of the following gifts are also thankfully acknowledged :—

v. Two framed oil paintings from Mr. C. A. Shaw (these now adorn the walls of the Reading Room.)

vi. A Cigar and Cigarette box, from Mr. F. E. Dunn. (for use in the Billiard Room.)

vii. A name board, from Mr. W. A. Wilson.

NEW BOOKS AND MAGAZINES.—During the year 296 volumes were indented for—of these 201 were ordered from home and 95 were purchased locally. The list of magazines and periodicals taken in for our Reading Room has been revised; the "Ladies' Home Journal," the "English Mechanic," and "Leslie's Weekly" have been discontinued, and the "Pall Mall Budget" and the "Badminton Magazine" have been added to our carefully selected list of periodicals, all of which are made free use of by our members.

SUB-SECRETARIES.—With a view to relieve the Honorary Secretary of some of his labours, your committee appointed

from their own number, a Sub-Secretary for each Sub-Committee, as follows :—

Sub-Secretary for Billiards .....Mr. W. Abraham,
" " " Sports &c.,.....Mr. H. Clarke,
" " " Building &c.,.....Mr. J. B. Forster,
" " " Books.....Mr. R. R. Richmond,

SUPERVISION OF GROUNDS.—The attention of the Managing Committee being drawn to the unsatisfactory and unattractive condition of the grounds in which the Institute building stands, they in March last again put themselves in communication with the Municipality, with a view to having the supervision and up-keep of the grounds made over to their control, and your Committee are glad to be able to report, that the negotiations have been successfully carried through and the necessary documents drawn up, the Municipality agreeing to contribute an annual sum, computed on a mean of expenditure of the last three years, towards the maintenance of the grounds. Under the deed alluded to above, your Committee have the right to re-transfer and the Municipality have the right to resume, should there be any good reason for such action, the supervision and maintenance of the grounds; but your Committee are in hopes that with the new arrangement, the grounds will soon assume a more cheerful and inviting aspect.

(*a*) FINANCE.—The abstract statement in the appendix shows that the actual receipts of the year under review aggregated Rs. 9,239-5-0. (*a*) and the disbursements Rs. 10,405-15-6. (*b*) But as the latter sum includes the portion Rs. 2,000 (or one third of the Debenture Loan of Rs. 6000) repaid during the year, under the resolution passed at the last Annual General Meeting, the net expenditure may be said to have been actually below the amount received by Rs. 833-5-6.

Total receipts Rs. 12,463-8-2
Deduct Opening balance Rs. 2,840-11-9
Advances recovered Rs. 383-7-5—3224-3-2
Balance Rs. 9239-5-0 (*b*)

Total disbursements Rs. 10,771-7-6
Deduct Advances made Rs. 365-8-0
Balance Rs. 10405-15-6

Heavy charges had to be met on account of repairs to the building, printing of a new and revised catalogue and the replacement of an old billiard table, which the unanimous verdict of playing members had long condemned, by a first class article from Roberts & Co., (Limited) of Bombay. It

is therefore all the more satisfactory that notwithstanding these unavoidable calls on the Revenue of the Institute, the result of the year's operations should still give an excess income of Rs. 833.

BILLIARDS &c.—The indoor games have maintained their popularity and operated to draw an increasing number of members into friendly relations. The result financially was an income of Rs. 2,825-6-0 against an expenditure of Rs. 2608-13-6, yielding an excess of Rs. 214-8-6.

TENNIS.—Has shown an advancing tendency and will, the Committee hope, become in future, even more popular. To the interest and share taken in this healthful pastime by the ladies is doubtless due the improvement that has occurred. In 1895-96 entrance donations and subscriptions amounted to Rs. 217, in the past year they have given Rs. 341-2 an advance of over 50 per cent!

BOOK-BINDING.—The demands of the Institute on this account occasioned an expenditure of Rs. 171-15-3 while the requisitions of members is represented by a recouped outlay of Rs. 45-9-0

CENTRAL HALL.—The Institute benefitted to the extent of Rs. 409-6-7 by the hire of the hall &c.—The entire receipts having been Rs. 877-4-0, and the expenditure Rs. 467-13-5.

LIBRARY AND READING ROOM.—Here there is a substantial credit balance. Donations and subscriptions gave Rs. 4,543-8, the Government Grant in Aid Rs. 600 and advertisements Rs. 68-8-0. In all Rs. 5,150. The charges took from this sum for books, periodicals and newspapers Rs. 1534,6·10 and for establishment &c., Rs. 1,784-9-2.

MISCELLANEOUS.—Under this head appear several large charges. The Debentures loan part repayment absorbed Rs. 2,000 Repairs &c. to the building Rs. 1,021-1-10 and printing Rs. 293-10 and other usual annual payments (taxes and insurance) Rs. 204-14.

The annexed statements A and B give a complete exhibit of the comparative receipts and expenditure in 1895-96 and 1896-97.

PROPOSED ENLARGEMENTS.—It has been recognised that our Main Hall is inadequate to fully accommodate the audiences for which it is engaged, a fact testified to by the numbers frequently seen standing at the end of the room; our billiard room is small for the players who now patronise the

tables ; our lavatories are sadly deficient. Your Committee, have been alive to these defects, and specifications and rough estimates have been prepared for the enlargement of the building, a new portico, the erection of a detached billiard room and new and modern lavatories, &c. These have been submitted to the Municipality for sanction, upon receipt of which, your Committee will convene a Special General meeting, at which full details will be placed before the members for consideration.

ALTERATIONS OF RULES.—The following amendments of and additions to the Rules have been made, subject to the approval of the members.

(1). *Rule iii Sec.* 4. "Any portion of a month shall be "reckoned as an entire month both in cases of joining and in "withdrawing. Temporary members shall pay by the month "reckoning the month from date of joining."

(2) *Rule V. Sec. 2.* Omit the words "after due warning from the managing committee persistently" and insert the word "wilfully."

(3) *Rule VIII. Sec. 2.* "Books to be recalled when "required by a member. If not returned within a week from "date of notice, no other works shall be issued until the work "is returned."

(4). *Alteration to Bye-Law I.* "Temporary members shall "not be entitled to a free copy of the rules and the Catalogue "of books."

(5). *Central Hall and Library.* "The Librarian and his "assistants shall have free access to the Library up to 6 p. m. "of day of hiring, for the use of books, but members are to "be excluded."

(6). *Rehearsals.—Clause 1, Rule XI.* "The managing "Committee, however, may use their discretion in regard to "free rehearsal for performances organised by members for "the benefit of the whole body of members. In these instances, "a written application shall be made for such privilege, and "all incidental expenses shall be borne by the organizers."

ESTABLISHMENT.—Your Committee are very pleased to record that the Staff of the Institute have done their work cheerfully and well, and the attendance throughout the year has been regular. To mark their appreciation of the excellent services rendered by the Staff and by way of commemorating the unique event which has been celebrated all over the

world on the 22nd June 1897, when Her Most Gracious Majesty the Queen Empress of India completed the sixtieth year of her reign, your Committee recommend that half a month's pay be distributed to all employés.

Conclusion.—The past year has been one of steady progress—our numbers have increased, our financial condition has improved, and advancement has been made in every direction—and in concluding this Report, which your Committee now ask you to stamp with your approved by confirming and adopting, they express the hope that the new year may produce even better results. With these remarks they beg to resign office.

Honorary Secretary.

To

His Excellency Sir K. Seshadriyer, K.C.S.I

Dewan of Mysore

Sir,

I beg to enclose for your kind perusal a copy of a letter which I have felt it my duty to address to the Resident in Mysore in respect of a sum of Rs 15,000, which I learn the Mysore Government have expressed their willingness to lend to the Bowring Institute on the recommendation of the Resident.

I trust you will excuse me for thus addressing you on a matter which I believe comes within your province.

I remain,
Sir,
Yours most obediently
W. J. Sheppard
Member The Bowring Institute

To

Col. D. Robertson

Resident in Mysore

Bangalore.

Sir,

I, a Member of the Bowring Institute, Bangalore, beg to forward for your kind perusal an appeal which I have been compelled to address to the Members of the Institute in consequence of the arbitrary and high-handed proceedings of their Managing Committe.

2. In a printed notice issued to the Members of the Institute by the Honorary Secretary (of which I beg to enclose a copy) the following words occur:

"The Mysore Government has been approached with regard to a loan of Rs 15,000 which sum they have on the kind recommendation of the Resident been pleased to express their willingness to lend at 4 per cent."

3. I do not know whether the Honorary Secretary had authority from you to make use of your name as he has done. I beg to submit that having regard to existing circumstances of which the pamphlet I forward will give you some idea he has done what seems to me a very impolitic act.

4. I beg also to submit that the conduct of the Managing Committee affords no guarantee for the permanency of the Institute, and therefore none for the repayment of the money which you have, according to the Honorary Secretary's statements, recommended the Mysore Government to lend. As I have shown in my pamphlet, the Managing Committee consider themselves at liberty to do as they please, and I beg to submit that if the present Committee gets the proposed loan from the Mysore Government on condition of repaying it at the rate of not less than Rs 100 per mensem" there is nothing to prevent the Committee of 1898-99 from refusing to make the monthly payments or even repudiating the transaction altogether. The probable result of such a contingency happening would be to compel the Mysore Government to recover their money by distress, which would mean the "defunction" of the Institute.

5. Under these circumstances, I trust I shall not be considered as guilty of impertinence in bringing to your notice the manner in which the Bowring Institute, of which you are the Patron, is at present managed, and the manner in which your name has been made use of by the Secretary.

6. As the Institute receives a grant-in-aid from the Government I trust you will consider it your duty as the head of the local administration to bring the matters I have brought to the notice of the Members in my "Appeal" as well as other matters

Sir,

I have the honour to represent the Managing Committee of the Bowring Institute, to approach you in reference to a loan of Rupees 15000/- which it will be necessary to raise in view of the alterations and improvements (as per attached memo) to the Institute, which it is proposed to carry out. *A

2. The matter of these improvements has been put before our Patron, Colonel C. Rotton, and has met with his approval.

3. I beg to enclose for your information the accompanying Extract Minutes III and IV of Proceedings of an adjourned meeting of the Members of the Bowring Institute, held at 8 P.M. on the 29th January 1898 at which Mr. C. O'Shaughnessy, Executive Engineer, has been asked to prepare designs and Estimates for carrying out the extensions to the best advantage within the sum named *B.

4. If the Durbar will be pleased to sanction the grant of the loan, the Committee will be able to carry out this very desirable work at once.

5. As for the terms for payment of interest and repayment of principal, I beg to refer you to Resolution II of the Special Meeting above referred to, and to

observe that the Managing Committee have every hope of paying off a larger amount than that specified herein.

Sir

I have the honor to acknowledge with thanks the receipt of your letter No. 8477 dated 11th instant, Fl. 8411 and in reply to state that there is not the slightest objection to an Officer of the Durbar being deputed to make a valuation of the present building and the furniture belonging to the Institute, with view to the hypothecation of the premises and furniture as security for the loan of Rupees 15,000/- applied for from the Durbar.

2. The Managing Committee will be happy to meet the Officer so deputed and to give him all the information he may require.

3. The premises and furniture etc: are encumbered to the extent only of Rupees 2000/- the balance of a sum of Rupees 6000/- borrowed on debenture bonds in 1894 and this balance it is proposed to at once pay off on receipt of the loan.

4. The additional conditions as contained in para 3 of your letter are approved and accepted in their entirety.

5. The contemplated additions and improvements to the present Building may certainly be also regarded as security for the loan asked for.

Chief Engineer's no 1772 of 26th instant, requesting to submit an approximate valuation of the Boxing Institute including the Furniture etc.

Has the honor to submit the plan of outer lines of basement as measured this morning.

2. The plinth area is 8945 square feet. The building is of pucka brick work finished in good style, with a high and wide central Hall and five large side rooms. The cost of new buildings in Bangalore, recently constructed, ranges from Rs 3 — 12 — 0 to Rs 4 — 4 — 0 per square foot. The rate of Rs 3 — 12 — 0 for Principal's Quarters, taking 1½ times the plinth area to include the first floor, and the rate of Rs 4 — 4 — 0 is for Meteorological Observatory. The rate for the

the Bowring Institute will not be high if Rs 3-8-- is taken. The approximate valuation of the building will therefore be Rs 29,922/- or Rs 30,000 in round numbers.

2. The cost of Furniture as per list maintained in the Institute is noted at foot:

Billiard Room. Two Billiard Tables with a few chairs	Rs 2617--
Refreshment Table.	94--
Reading Room.	814--
Ladies Rooms.	97--
Central Hall including seven large glass almirahs and a raised Dais or Stage.	2890--
Gentlemen's dressing Room.	20--
Library.	1009--
	7541--

The above rating at $\frac{2}{3}$ of the valuation are fully worth Rs 5000/-.

3. Besides the above there are according to the books of the Institute 3292 volumes.

Sir,

With reference to Government Proceedings No. 10463-6 / H. 1031 of the 29th April 1898, on the subject of the loan of Rupees 15,000/- applied for by the Committee of the Bowring Institute, I have the honor to state that the President of the Committee was requested in this office No. 1549 of the 2nd May last, to call once at this office

Office to execute the bond. In reply, he stated that the Committee was not in immediate need of money and requested that the matter be deferred for some little time.

2. On the matter being again mooted by him on the 8th Instant, he was informed that a day would be fixed in consultation with the Government Advocate for the drawing up of the deed and the same intimated to him. Captain Baker, the President has now sent the enclosed application, stating that, as funds are urgently wanted and, as there will likely be some

some delay in the preparation of the deeds, an advance of Rupees 5,000/- may meanwhile be given to him. I submit the matter for the orders of Government. The Government Advocate is absent in his native place.

Sec'd

Sir,

I have the honor to solicit the favor of your Kind Offices to recommend for the consideration of the Mysore Government this application from the Members of the Managing Committee of the Bowring Institute for a further loan of Rupees 12000/- in addition to that of Rupees 15,000/- recently sanctioned.

2. The grounds upon which this application is made will be found fully detailed in the accompanying Report for the year 97-98 paragraphs 11 and 12 and are such as will, it is believed, fully commend the application for favorable consideration.

3 The Committee of Management, whilst fully alive to the importance of extending the buildings of the Institute, have not lost sight of the necessity which will be entailed of making suitable provision for the repayment of the loan required, and the Members are unhesitatingly of opinion that they can provide for such repayment at a monthly amount of Rupees 100/- in addition to the payment

1) In this case we have reserved nothing more than the usual circulars regarding defaulters (Paper No 10 on file) The presentation of Sanad, will greatly lighten the burden.

2) Moreover this application has not come thro' the Residency

To,

The Secretary to the
Government of Mysore
Rev: & Genl Departments.

Sir,

With reference to your docket No (18) 6706/15-98 of the 24th March last asking for my opinion on the application of the President, Bowring Institute, for a further loan of Rs 12,000/=, I have the honor to report as follows

2. I met Captain Baker this morning at the Bowring Institute and made the necessary enquiries. The additional loan is required for the purpose of carrying out certain improvements which will

will go to enhance the value of the building. The projected improvements are detailed on page 11 of the report for 1897-98, herewith returned. Items 1, 2, 3 and 4 have not yet been put on hand pending the sanction of the loan now applied for. A sum of Rs 5,175 has already been expended on the remaining items. It will thus be seen that the loan of Rs 15,000/-, already obtained from the Mysore Government has been fully spent.

3 I also looked into the financial condition of the Institute and although it has somewhat suffered, like all other institutions in consequence of the recent plague

plague vaccination, I think it will be quite able to pay Rs 100 a month, towards the repayment of the additional loan. The building and furniture will be adequate security for the loan already granted and that now recommended. Captain Baker tells me that there is no other encumbrance on the Institute.

I have the honor to be
Sir
Your most obedient servant

The first item on the Agenda paper was the adoption of the Report of the Committee of Management for the year ending 31st May 1898, which was read by the Secretary. The President then made a few remarks in connection with certain communications which had been published during the year in disparagement of the management of the Institute.

The adoption, printing and circulating of the Report was moved by Mr. W. R. James and carried unanimously.

II. The next item on the Agenda was the proposal to confirm, in accordance with Rule V Section 9, the following

alterations tc the Rules which had been made by the Managing Committee.

Rule V, Section 11, after the word Institute to be added:—

(1). In the event of any member doing any action, in or out of the Institute, which is offensive to the other members and which is likely to disturb the harmony of the members, the Managing Committee, shall, in meeting, decide by vote whether, the member so offending shall continue to be a member of the Institute. If ⅔rds of the members present decide that the conduct of such member has merited expulsion, his name shall be erased from the list of members and notification to this effect shall be sent him through the Honorary Secretary and he shall cease to be a member from date of such notification, subject to Section 12 of this Rule.

(2). Rule X Section 11.—The following to be added as Section 11 (*a*) :—

Gambling for money is alsolately prohibited. Breach of this rule will render a member liable to expulsion. Vide Rule V. Section 11.

(3). Rule XI Section 5 to read as follows :—

Nets, balls and scouts shall be provided by the Club. Members shall supply their own bats.

(4). Rule XI Section 1 to be amended as follows :—

Permanent Members.	RS.	A.	P.
Monthly subscription for one playing member of a family	2	0	0
Monthly subscription for each additional player of a family	1	0	0
Temporary Members			
Monthly subscription for one playing member of a family	2	8	0
Monthly subscription for each additional player of a family	1	0	0

(5). Note to be added at foot of Tariff at page 22 of Billiard and Card room charges to the following effect :—

(*a*). Any one member may make use of the Billiard Table for his private practice, when the table is not required by players, at the rate of two annas for *every 15 minutes or less.* No time longer than 15 minutes shall be taken by the member, except when, at the end of the first fifteen minutes, if the table is still not wanted for play, he may do so. In each case the two annas must be paid *in advance* to the marker and noted in the Billiard Book.

(*b*). Supply of ærated waters, as required to be arranged for by the Honorary Secretary.

Items (1) and (2) of the foregoing on being put to the Meeting were lost; the remaining items were carried and the alterations confirmed.

III. The third item on the Agenda paper was relative to the following proposals for alteration to Rules put forward by Messrs. T. H. Raines and R. A. Butterfield.

Rule III, Section 2. That the following be added after the word "rolls." "This concession is restricted to those whose income does not exceed 50 Rupees per month."

That Rule V, Section 11 be recast as follows:—

Members whose subscriptions may be 2 months in arrears will be addressed by the Honorary Secretary and informed that in the event of the debt not being paid within 7 days, they will be posted as Defaulters and that, if payment be not then made, they will be struck off the list of members and render themselves liable to be sued therefor in the District Court.

Rule II, Section 2. That the following amendment of the Rule and section quoted be made.

"That no applicant is to be recognised as a permanent or temporary member till his or her application, duly endorsed by some permanent member of the Institute, be first circulated to the members of the Managing Committee for their collective sanction or rejection, so as to admit of time for any enquiry being made by them, which they may desire or deem necessary to institute, in regard to the antecedents of the applicant and vote accordingly."

That the words "into the room" in the closing portion of the 2nd part of Rule II Section 6 relating to the non-admission of children under 12 years of age to the Reading Room be altered to "into either the Reading Room, or Library."

Rule VIII, Section 18.—That the penalty of erasement of the name of the member persistently contravening this Rule be added.

That the following be added as a section to Rule VIII. Members whilst in the Reading Room must observe strict silence. On any infringement of this rule, the member concerned is to be remonstrated with by the Honorary

Secretary and informed that on any repetition of this offence, his or her name will be removed from the List of members.

Rule VIII, Section 13. That after the word "transferred" be added the following "or lent to any other member or non-member."

That the following be added as Bye-Laws to those now existing, *viz* :—

Book cases will be kept locked and on a member requiring a book, he or she will indicate the class and number of said book to the Librarian, who will issue it after entering it in the Register kept for the purpose. The Librarian will then insert a Ticket in place of the book issued, on which will be written the name and Catalogue number of the book and the name of member to whom supplied, with date.

Members are not allowed to take books from the shelves themselves.

Notices for fixture on the Board are to be accompanied by a fee of 1 Rupee and a further sum of 1 Rupee will be charged after a notice has been on the Board a month.

Peons or other Servants of the Institute are never to be employed by members to hold horses or go on errands.

That the following be added to Rule VIII Section 13 :— On members leaving the station they must pay up their subscriptions and return all books &c., which they may have at the time, failing which they will be charged subscription as long as they have books &c, in their possession.

Rule II, Section 4.—That the words "within 2 years" be altered to 6 months which is considered sufficiently long to entitle a withdrawing member to the privilege of renewing his membership, free of the payment of an entrance fee.

That a Register be kept in which applicants admitted as Members be required to enter their names, occupation, address &c.

In connection with the foregoing Mr. R. F. Hayes proposed and Mr. S. Arnold seconded, an amendment that Rs. 50 be altered to Rupees 100 in the proposal regarding Rule III Section 2 and with this amendment the proposal was carried.

Mr. O. J. Bird proposed, and Mr. W. V. Eden seconded an amendment to alter the proposed additional section to Rule VIII by omitting the portion commencing "on any infringment" to the end—and

Reverend J. Bacon, seconded by Mr. Arnold proposed that the word "strict" be deleted ; with these amendments the proposal was carried.

The proposed addition to Section 13. Rule VIII was put to the meeting and carried.

Mr. W. Davis proposed and Mr. H. Clarke seconded an amendment to alter the proposed emendation of Rule II Section 4 by substituting "one year" for "6 months," and with this amendment the proposal was carried,

The other proposals under item III of the Agenda paper on being put to the meeting were negatived.

IV. The propositions put forward by Mr. F. Goodall and detailed in item IV of the Agenda paper were withdrawn by him.

V. Election of Office bearers.

Captain T. Baker was re-elected President ; Mr. T. H. Raines Honorary Secretary and Mr. R. H. James Honorary Treasurer. Mr. H. Eagles was appointed Honorary Auditor and the following gentlemen were duly elected Members of the Managing Committee.

Mr. H. Clarke	Mr. O. J. Bird
„ W. Abraham	„ J. E. O'Shaughnessy
„ J. E. Donnison	„ R. F. Hayes
„ W. Davis	„ C. Ricks
„ R. A. Butterfield	

VI. The proceedings were terminated by a vote of thanks to the President.

T. BAKER CAPTAIN

President

BOWRING INSTITUTE
Bangalore 25th June 1898

REPORT

OF THE

Managing Committee

OF THE

BOWRING INSTITUTE

FOR THE YEAR 1897-98

Ending 31st May 1898

The Managing Committee of the Bowring Institute have pleasure in presenting their Report on the working of the Institute for the year which ended on the 31st May 1898 and trust that the results of their efforts will meet with the approval of the members collectively.

The Managing Committee.—The following changes in the constitution of the Committee of management occurred during the year. In October 1897 Mr. J. Bronson resigned and was succeeded by Mr. J. E. Donnison. Mr. F. E. Dunn resigned the Office of Honorary Secretary in March 1898 and Mr. T. H. Raines was elected to fill the vacancy. In February 1898 Mr. R. A. Butterfield succeeded Mr. W. Davis, when the latter proceeded to England. In August 1897 the Auditorship was relinquished by Mr. J. R. Barrow, who was succeeded by Mr. Plunkett and in November 1897, on Mr. Plunkett resigning, Mr. W. H. Johnson took his place.

Reserve Fund.—In consonance with existing rules, Debentures to the value of rupees 2000 were, in December 1897, paid off, leaving Debentures to the extent of Rs. 2000 yet to be similarly dealt with.

Payments of not less than Rs. 50 monthly continue to be made to the credit of this fund and the credit balance, at the close of May 1898, was Rs. 477—14—3.

Billiards, Cards and Refreshments.—The Billiard and card tables have been and continue to be largely patronised.

The light refreshments supplied in the Billiard room continue to be a source of profit to the Institute.

One Billiard handicap tournament was held during the year, and a second handicap is under contemplation.

There was a slight falling off in realizations during the year, the difference, Rs. 102—4, is due to the greater patronage extended to the card tables by those who prefer a rubber of whist to a long wait for a turn at the Billiard tables. As compared with the receipts of 1895-96 however, the receipts of the year under report, were better by Rs. 356—4 and were in excess of the expenditure for the year by Rs. 307—11—7. The addition of another Billiard table which is contemplated, as soon as the new Billiard room has been provided, will do away with the tedious "wait" as well as increase the profits.

Tennis Courts.—The Tennis Courts have, throughout the past year, been the source of much pleasurable exercise and friendly association both mornings and evenings, to a large number of our members, Ladies and Gentlemen, and their efficient maintenance has added in no small degree to their attractiveness. The average number of subscribers during the past year was 41 and the income derived amounted to rupees 490—8 which, after defraying all expenditure, left a small debtor balance of Rs. 10—13—8. This can hardly be viewed in the light of a loss to the Institute, as, without doubt, the Tennis Courts attract members, who, in addition to their Tennis subscription, have also to pay subscriptions as members of the Institute. In June 1897 the Tennis subscription to permanent and temporary subscribers and members of their families was increased but, on the other hand, the club management undertook to supply balls free to players, which previously, they were required to provide at their own expense.

Extensions and Alterations.—In view to adequately meeting the wants and convenience of a rapidly increasing number* of members, it was resolved at a Special General Meeting of members, which was held on 29th January 1898, that certain extensions and alterations to the existing buildings were to be carried out at the discretion of the Managing Committee, at an approximate cost of Rs. 13000, which amount, together with Rs. 2000, with which to pay off existing Debentures, was to be obtained, on terms considered most favorable, from the Mysore Government, but, on Mr. O'Shaughnessy being subsequently required by your Committee to plan and estimate the cost of the extensions and alterations to the present building, so as to render it in every way sufficiently commodious for all present and future requirements, it was ascertained that the aggregate cost would be about Rs. 27,000. Mr. O'Shaughnessy's estimate provides for:—

*1895-96	1896-97	1897-98

of which your Committee have taken in hand the execution of the following at an estimated cost of Rs. 13,325—15—2.

		Rs.	A.	P.
1.	New Billiard room	5,731	15	5

3.	Corridor No. 1	931	0	2
4.	Corridor No. 2	931	0	2
	Rs...	13,325	15	2

Your Committee would earnestly commend the full completion of Mr. O'Shaughnessy's scheme to your consideration. They feel confident that, even under existing conditions, the Institute will bear favourable comparison with any similar Institute, and that, if effect be given to the recommendation now made, the Institute will be the most complete of its kind in India. As for the monetary portion of the scheme, the additional amount required could, it is anticipated, be as readily procured and on the same favorable conditions from the Mysore Government as the 15,000 previously referred to, assent to the loan of which has already been accorded.

The extensions &c., which your Committee have, after mature consideration, decided to have effected (vide details above) are of such a character as to give perfect symmetry to the whole of the buildings and are independent of the further additions comprised in Mr. O'Shaughnessy's scheme.

Presentations.—The following presentations to the Institute were made during the past year and have been suitably acknowledged by the Managing Committee.

BOOKS.

Doctor Syntax's three Tours Endymion Pelham, or adventures of a Gentleman	By Mrs. M. Stapley.
Great Thoughts,	By Mr. M. W. Walker.
Almasi, or the Diamond Jubilee	By Mr. Mohamed Abdur Rahman.

POTTED PLANTS.

117 Plants of kinds from Mrs. C. Smith.

New Books and Magazines.—476 books were indented for during the past year, of this number 430 were procured through our Home Agents, and 46 purchased locally, the former at a cost of Rs. 1,088—14—1, and the latter Rs. 146—10—9. To our already numerous Indian and Home papers have been added the Field, and Kolar Gold Field News and the Periodical entitled Cricket, together with a second copy of the Madras Mail and Madras Times.

The existing catalogue of books, having been found replete with typographical and other inaccuracies, Mr. Butterfield, a member of the Managing Committee, has been kind enough to undertake its revison. This "labor of love" Mr. Butterfield has nearly carried to completion and your Committee feel confident that their hearty thanks to Mr. Butterfield for the care and attention which he has devoted to the execution of the work, will be fully endorsed by the general body of subscribers.

Book-binding.—The expense incurred during the past year for re-binding &c., 1,296 books, the property of the Institute and members, was Rs. 282—6—8 and the amount realised for the binding &c., of books belonging to the members during the same period was Rs. 55—8—0, so that the net expenditure may be stated as Rs. 226—14—8, which, in view of the work performed, with the attendant convenience, may be said to warrant the permanent retention of the book binder.

Alterations, &c, of existing Rules.—The following amendments and additions have been made to the existing rules during the past year ending 31st May 1898 and are now submitted for confirmation.

(1) Rule V section 11 after the word Institute to be added.

In the event of any member doing any action, in or out of the Institute, which is offensive to the other members and which is likely to disturb the harmony of the members, the Managing Committee shall, in meeting, decide by vote whether the member so offending shall continue to be a member of the Institute. If ⅔rds of the members present decide that the conduct of such member has merited expulsion, his name shall be erased from the list of members and notification to this effect shall be sent him through the Honorary

Secretary and he shall cease to be a member from date of such notification subject to section 12 of this Rule.

(2) Rule X, Section 11. The following to be added as section 11 (a):—

Gambling for money is absolutely prohibited. Breach of this rule will render a member liable to expulsion. Vide Rule V Section 11.

(3) Rule XI section 5 to read as follows:—

Nets, balls and scouts shall be provided by the Club. Members shall supply their own bats.

(4) Rule XI section 1 to be amended as follows.—

PERMANENT MEMBERS.

Monthly subscription for one playing member of a family	2	0	0
Monthly subscription for each additional player of a family	1	0	0

TEMPORARY MEMBERS.

Monthly subscription for one playing member of a family	2	8	0
Monthly subscription for each additional player of a family	1	0	0

(5) Note to be added at foot of Tariff at page 22 of Billiard and Card room charges to the following effect :—

Any *one* member may make use of the Billiard Table for his private practice, when the table is not required by players, at the rate of two annas for *every fifteen minutes or less.* No time longer than 15 minutes shall be taken by the member, except when, at the end of the first fifteen minutes, if the table is still not wanted for play, he may do so. In each case the two annas must be paid *in advance* to the marker and noted in the Billiard Book.

(6) Supply of ærated waters, as required, to be arranged for by the Honorary Secretary.

Finance.—The total receipts from all sources and the aggregate disbursements incurred during the year ending 31st May 1898 will be found in the abstract statements forming appendices A & B.

The financial aspect of the affairs of the Institute may be briefly summarised as follows. As compared with 1896-97, the receipts of the year under report were in excess by Rs. 744—4—9, whilst the expenditure was in excess of the year 1896-97 by Rs. 461—3—4 and although the expenditure of the year was Rs 885—12—1 in excess of the actual receipts, matters could easily have been otherwise arranged, seeing that we expended on the Library and Reading room Rs. 722-2-1 more in 1897-98 than we did in 1896-97, and in addition, paid architect's fees to the extent of Rs. 500. The fact of having a credit balance of Rs. 822—3—2* on 31st May 1898 sufficiently justified the expenditure.

Establishment.—It affords much satisfaction to your Managing Committee to have to record that the staff of the Institute, have discharged their duties with zeal and efficiency and they would, in this connection, specially commend the services of Mr. Rodrigues, Librarian, for his assiduity in the performance of the multifarious duties which devolve upon him.

Conclusion.—The affairs of the Institute financially, socially and otherwise, are in a prosperous condition and your Managing Committee, in resigning office, trust that the increase in the number of members and the increase in revenue, may be considered indicative that the hope expressed by their predecessors in the concluding para of their Report, may be considered to have been realised.

T. H. RAINES,
Honorary Secretary.

Sir,

(21)

With reference to your letter No 246 dated 10th Instant, intimating, for reasons stated, the inability of the Durbar to grant the loan asked for, I have the honor to state for the information of the Durbar that the Committee of Management have resolved to raise a loan of Rupees 15000/- on debenture bonds and on the security of a 2nd Mortgage of the Building.

2. The Committee are very unanimously of opinion that it would be a pity to allow a question of expense, which in the expanding condition of the Institute is of no very material moment, to hinder the progress of a work which is of great importance and promises to be beneficial to the Community.
